Meet Sunny – A New App for Women with Disability

[Women with Disabilities Australia \(WWDA\)](#) is proud to release a new app for women with disability in Australia that we created with a team of women with disability, and our friends at [1800RESPECT](#) – Australia’s national sexual assault, domestic and family violence counselling service.

What is Sunny?

Designed by and for women with disability, Sunny a new app that supports women with disability to learn about violence, know their rights and reach out for support.

While the app is designed for use in Australia, the easy to read content on violence and rights is relevant to women with disability everywhere.

Women with disability can use Sunny on their iPhone or Android phone to,

- Tell their story
- Learn about different types of violence and abuse
- Learn about who can do violence and where it happens

- Know their rights
- Contact people who can help.

HEAR FROM A HOST MUM

Hosting has been one of the most **rewarding and exciting experiences** for our family. Romane, our student, was definitely one of the most kind and pleasant people we have met and right from the start was a perfect fit for our family. Being able to share this experience has had a **positive effect on all of my young children.**"
Host mum, Candice.

EVA (17) BELGIUM

Bonjour!

I am lucky to be part of a large family. With four siblings, there is never a quiet moment! I enjoy looking after the younger two and I spoil them often with homemade pastries. Since the age of five, I have been part of a scout group. Every year I participate with the scouts in trips. Thank you in advance for welcoming me into your family.
